Little by Little

Where Do Animals Live?

Science
Early Years (EY2)

Learning Objective: I can identify different animal homes (habitats).

Activity 1: Match the Animals to Their Homes

Draw a line to match each animal with the place where it lives.

fish

bird

rabbit

nest

water

burrow

Activity 2: Sort the Animals by Habitat

Look at the animals in the box. Cut and paste (or draw) each animal in the correct habitat.

cow

frog

dolphin

lion

duck

polar bear

Land

Water

Cold Places
(e.g. polar regions)
