Writing a Setting

A setting tells us **where** and **when** a story takes place.

A. Look and Talk

1. Look at the two pictures. They show the same place at different times.

a) Talk about what is the same in both pictures.

b) Talk about what is different in the two pictures (the time, the weather and what people are doing).

A setting can include information about:

- the place (e.g. a park, a beach, a classroom)
